

UNITED STATES PERFORMANCE HANDICAP RACING FLEET

IMPORTANT NOTE

The following pages list low, high and average performance handicaps reported by USPHRF Fleets for over 4100 boat classes/types. Using Adobe Acrobat's 'FIND" feature, <CTRL-F>, information can be displayed for each boat class upon request. Class names conform to USPHRF designations. The source information for this listing also provides data for the annual PHRF HANDICAPS listings (The Red, White, & Blue Book) published by the UNITED STATES SAILING ASSOCIATION. This publication also lists handicaps by Class/Type, Fleet, Confidence Codes, and other useful information.

Precautions: Handicap data represents base handicaps. Some reported handicaps represent determinations based upon statute rather than nautical miles. Some of the reported handicaps are based upon only one handicapped boat. The listing covers reports from affiliated fleets to USPHRF for the period March 1995 to March 2007.
